

KENYA

is a developing nation. It is one of the poorest nations on earth.

- Church leaders who do not have local support, with special focus on those evangelizing in remote and unreached areas (such as Pokot & Rendille)
- The training of future church leaders through our Trinity Pastors' College (TPC) in Nairobi
- Students whose parents are unable to pay school fees, giving priority to children of church leaders
- The development of schools, especially in the remote areas of north Kenya

Truth Reaching Africa In Need

This ministry is supported in the U.K. through the charity TRAIN (Kenya), registered charity no. 1153012

TRAIN

Truth Reaching Africa In Need.

A ministry to help needy Christians in Kenya

- Church leaders need Biblical training and support.
- Children need education.
- Local resources cannot do this alone.
- We need your help!
- Please prayerfully consider if you could help **TRAIN** Kenyans by developing churches and schools through the ministry of Trinity Baptist Church in Kenya.

Paul was sustained in his ministry by the gifts of the Philippian Church (Philippians 4:14-18).

It is the same today; the gifts of other Christians are needed so these things can be achieved.

If we do not give, the work will not progress.

TRAIN is a church-based ministry, run by Trinity Baptist Church, Nairobi, Kenya, and its Pastors and Deacons.

The Church exists to proclaim the gospel of "Jesus Christ and Him crucified" (1 Cor. 2:2).

The **TRAIN** ministry contributes to this purpose by:

- Supporting preachers of the gospel
- Helping to train preachers of the gospel
- Preaching the gospel to young people in the church sponsored schools
- Enabling many young people to receive an education and training for possible future church leadership
